

DEL8D1400 Product Data Sheet

Issue Date: 29/06/2015

Issued By: R & J Batteries PTY LTD

Delkor

CALCIUM BATTERY

Technical Information

Delkor 8D1400 is a genuine commercial grade battery, built to last in the most demanding heavy vehicle applications. Delkor's reputation for building superior truck batteries is further enhanced by the proven results this size is known to deliver. The 8D-1400 has a 1400 CCA output required in some severe earthmoving and commercial applications.

Features and Benefits

- Heavier commercial grade plates
- High reserve-capacity for accessories
- Lead-calcium with high tin content
- Sealed maintenance-free
- Patented liquid-gas separator
- No spillage, no corrosion
- Delkor quality - built to last
- Increased CCA

Applications

Commercial - Truck

Earthmoving

Mining & Construction

Buses

Tractors

Agriculture

Marine

Technical Specifications

Battery Type:	Sealed Calcium	Container Material / Colour:	Polypropylene / Black
Voltage:	12 V	Lid Type:	Heat Sealed Polypropylene
Capacity (@20hr rate):	200 Ah	Plate Type:	Wrought Lead Calcium-Tin
Cold Cranking Amps -18°C, SAE:	1400	Separator Type:	Low Resistance Envelope
Cold Cranking Amps - 0°C SAE:		Anti-Vibration:	Yes
Reserve Capacity:	440 Min	Assembly Layout:	4 (RHP)
Overall Dimensions (mm):	L 512 x W 277 x TH 241	Terminal Type:	SAE
Wet Battery Weight:	56kg	BCI Group: (JIS)	8D
