

## Technical Information

The Hardcore # N26 six volt is a no-compromise commercial starting battery built to out-perform and outlast the competition. Advanced silver-calcium technology provides maintenance-free operation in serviceable casings for improved safety and maximum protection against cell dry-out.

### Features and Benefits include:

Meets or exceeds specifications for commercial vehicle and industrial applications

Thicker, stronger full-frame plates in Silver-Calcium alloy

Excellent charge retention & charge acceptance

Highly resistant to damaging effects of vibration, heat and corrosion

Lowest water loss for improved durability and safety (reduced risk of explosion)

Built to comply with Worksafe® recommendations for standby diesel generators

Built to last in demanding applications

## Applications

Buses and Coaches

Road transport

Agricultural machinery

Mining & Earthmoving

Standby diesel generators

High-heat environments

## Specifications

<b>Battery Type:</b>	Maintenance-Free Accessible	<b>Container Material / Colour:</b>	Polypropylene / Black
<b>Voltage:</b>	6	<b>Lid Type / Colour:</b>	Serviceable / Black
<b>Capacity (@20hr rate):</b>	160 Ah	<b>Plate Type:</b>	Full-Frame Silver-Calcium
<b>Cold Cranking Amps -18°C, SAE:</b>	1000	<b>Separator Type:</b>	Low-Resistance Microporous Envelope
<b>Reserve Capacity:</b>	325 Min.	<b>Anti-Vibration:</b>	Glass-mat
<b>Wet Battery Weight:</b>	25.4 Kg	<b>Assembly Layout:</b>	Offset
<b>Overall Dimensions:</b>	L 302 x W 171 x H 225	<b>Terminal Type:</b>	1 (SAE)
