

Technical Information

The Hardcore MFN120A is a high capacity, high cranking battery designed to suit applications requiring a N120 case. The stamped grids deliver high starting power and excellent corrosion resistance.

The MFN120A is engineered & manufactured in Germany to satisfy OEM requirements.

Features & Benefits

- Full Frame stamped grids
- Excellent corrosion resistance
- Engineered & manufactured in Germany
- High cranking power
- High capacity

Applications

John Deere, Case-IH, Deutz & New Holland Tractors

IVECO & Mercedes Trucks

Higer & Yutong Buses

Volvo Industrial Machinery

Technical Specifications

Battery Type	Maintenance Free	Case Material / Colour	Polypropylene / Grey
Voltage	12V	Lid Type	Maintenance Free
Capacity (20Hr)	154Ah	Grid Type	Full Frame Positive Grids
CCA (-18°C, SAE)	1150A	Separator Type	Low resistance PE separators
Terminal Type	SAE Std.	Assembly Layout	LHP [+ -]
Overall Size (LxWxH)	513 x 189 x 223mm	Case Size	N120
Nominal Weight	39.8kg	Ledges	None
