

## Technical Information

The Predator PMF70ZZ750 is a group 27 size, sealed maintenance free starting battery. Produced to the highest quality standards by one of the leading South Korean battery manufacturers, the Predator PMF70ZZ750 has been designed with durability, performance and value in mind.

### Features and Benefits include:

- Calcium-Calcium, 99.99% pure lead expanded grid plates
- Unique high density active material on plates
- Centre cast on straps - more durable and efficient
- Built in hydrometer
- Heat sealed leak proof cover
- Patented liquid & gas separators to prevent electrolyte loss
- Flame arrestors on vents
- Low resistance envelope separators
- High strength polypropylene case

## Applications

Agricultural machinery

Earth Moving Equipment

Light commercial equipment

Passenger cars

4x4

## Specifications

|                                |                         |                              |                                      |
|--------------------------------|-------------------------|------------------------------|--------------------------------------|
| Battery Type:                  | Sealed Maintenance Free | Container Material / Colour: | Polypropylene / Black                |
| Voltage:                       | 12 V                    | Lid Type / Colour:           | Sealed / Black                       |
| Capacity (@20hr rate):         | 90                      | Plate Type:                  | Expanded Metal Grid                  |
| Cold Cranking Amps -18°C, SAE: | 750                     | Separator Type:              | Low Resistant - Microporous Envelope |
| Reserve Capacity:              | 160 minutes             | Assembly Layout:             | 1 (LH Positive)                      |
| Overall Dimensions:            | L 306 x W 173 x H 225   | Terminal Type:               | SAE                                  |
| Wet Battery Weight:            | 21 kg                   | BCI Group:                   | Group 27                             |
