

Technical Information

Hardcore #DINAN120 is a maintenance-free battery in a serviceable casing designed specifically for European tractors, trucks and buses requiring DIN-A casing size and polarity. Durability is assured with thicker, full-frame plates in Silver-Calcium and double lock-bonded elements for maximum vibration protection.

Features and Benefits include:

- Correct European DIN specifications & dimensions for fast, easy installation
- Meets OEM specifications of European trucks and tractors
- Thicker, stronger full-frame plates in Silver-Calcium alloy
- Excellent charge retention & charge acceptance
- Highly resistant to damaging effects of vibration, heat and corrosion
- Lowest water loss for improved durability and safety
- Maintenance-free internals and serviceable casing
- Built to comply with Worksafe® recommendations for standby diesel generators

Applications

Standby diesel generators

Case-IH tractors

Deutz tractors

New Holland tractors

Iveco trucks

Higer & Yutong buses

Mercedes Benz trucks

Mercedes Benz buses

Volvo industrial machinery

Specifications

Battery Type:	Maintenance-Free Accessible	Container Material / Colour:	Polypropylene / /white- Opaque
Voltage:	12	Lid Type / Colour:	Serviceable / white
Capacity (@20hr rate):	135 Ah	Plate Type:	Full-Frame Silver-Calcium
Cold Cranking Amps -18°C, SAE:	900 A	Separator Type:	Low-Resistance Microporous Envelope
Cold Cranking Amps - 0°C SAE:	1000 A	Anti-Vibration:	Double Lock-Bonded Elements
Reserve Capacity:	260 Min.	Assembly Layout:	3 (LHPos)
Wet Battery Weight:	35 Kg	Terminal Type:	1 (SAE)
Lower Casing Dimensions:	L 474 x W 178 x H 195	Overall Dimensions:	L 512 x W 188 x H 217
