

Technical Information

KOBA Part # AGM31-925 is a high-performance AGM starting battery designed to provide reliable high cranking capacity in a fully-sealed group 31 casing size. Precision-built in one of South Korea's premier manufacturing facilities, this advanced technology battery is designed to provide years of reliable power in modern commercial vehicles and marine starting and cycling applications.

Features and Benefits

- Absorbent Glass Mat construction
- Sealed Spill-proof design
- High Cranking Capacity
- High Reserve Capacity
- Carbon-Plus Plate Technology
- Vibration-Resistant Design
- Dual-Purpose Starting / Cycling Design

Applications

- Freightliner Trucks
- Western Star Trucks
- Caterpillar Trucks
- Agricultural Machinery
- Earthmoving Machinery
- Marine Starting / Cycling
- 4WD Off-road Applications

Technical Specifications

Battery Type:	Sealed AGM Maintenance-Free	Container Material / Colour:	Polypropylene / Black
Voltage::	12 V	Lid Type / Colour:	Sealed MF / Black
Capacity (@20hr rate):	100 Ah	Positive Plate Type:	Full-Frame Microfibre Calcium
Cold Cranking Amps @ -18°C, SAE:	925	Negative Plate Type:	Full-Frame Carbon-Plus Calcium
Cranking Amps - 0°C SAE:	1140	Separator Type:	Absorbent Glass-Mat
Reserve Capacity:	200 Min	Assembly Layout:	5 (Centre-post)
Casing Dimensions:	L332 x W172 x H231	Terminal Type:	Threaded Stud 3/8"
Weight:	26.3 kgs	BCI Group:	31
