

## Technical Information

Delkor calcium batteries are engineered to support the electrical demands of today's vehicles, providing reliable starting power in the most demanding climate conditions.

The Delkor 55534 is a DIN LN1 size maintenance free battery designed for automotive cranking applications. This premium quality battery benefits from PowerFrame grid technology which delivers improved durability and performance over the life of the battery.

## Features & Benefits

- Patented PowerFrame® grids extend life
- OE proven technology
- Unique high density active material
- High tin content resists corrosion
- Low self-discharge
- Low resistance envelope separators

### Applications
