

### Technical Information

The Hardcore HCN150 is a heavy-duty commercial battery designed to suit applications requiring an N150 case. The stamped positive grids deliver high starting power and excellent corrosion resistance. Internal hot melt lock bonding increases vibration resistance, and removable caps make this battery suitable for standby generator applications.

The HCN150 is engineered & manufactured to the highest quality standards by one of the top battery manufacturers in Korea.

### Features & Benefits

- Full Frame positive grids
- Excellent corrosion resistance
- High cranking power
- High capacity
- Excellent vibration resistance

### Applications

Trucks & Buses

Farm Machinery

Construction & Mining

Standby Diesel Generators

### Technical Specifications

<b>Battery Type</b>	Maintenance Free	<b>Case Material / Colour</b>	Polypropylene / White
<b>Voltage</b>	12V	<b>Lid Type / Colour</b>	Accessible / Black
<b>Capacity (20Hr)</b>	150Ah	<b>Grid Type</b>	Full Frame Positive Expanded Negative
<b>CCA (-18°C, SAE)</b>	950A	<b>Separator Type</b>	Low resistance PE separators
<b>Reserve Capacity</b>	300 min.	<b>Assembly Layout</b>	RHP [- +]
		<b>Terminal Type</b>	SAE Std.
<b>Overall Size (LxWxH)</b>	506 x 220 x 253mm	<b>Case Size</b>	N150 (JIS) 4D (BCI)
<b>Lower Case Size</b>	488 x 216 x 197mm		
<b>Nominal Weight</b>	40.7kg	<b>Ledges</b>	B0 - None
