

Technical Information

The RM120WSB is a 120 Watt Monocrystalline Folding Solar Blanket. When connected to a suitably specified solar charge controller it can be used to charge batteries and power devices when camping, fishing or any other outdoor activity.

When not in use, the solar blanket easily folds up with the panels facing inwards so they are protected from damage.

Note: The REDMAX RM120WSB solar blanket does not include a charge controller. We recommend using the REDMAX RM10ASC charge controller.

Features & Benefits

- Compact folding design for easy storage
- High quality monocrystalline solar cells
- Self standing built in feet
- MC4 Connection points
- 5m extension cable

Applications

Off Road & 4x4

Boating & Camping

Rural & Off Grid

Technical Specifications

Rated Max. Power (P_{max})	120W	Max Series Fuse Rating	10A
Tolerance	±3%	Operating Temperature	-40°C to +85
Voltage at P_{max} (V_{mp})	16.32V	Folded Dimensions (L x W x H)	590 x 615 x 20mm
Current at P_{max} (I_{mp})	7.35A	Open Dimensions (L x W x H)	1180 x 615 x 10mm
Open Circuit Voltage (V_{oc})	20.32V	Weight	4.5kg
Short Circuit Current (I_{sc})	8.12A	Cable and Connector	MC4, 5m extension
