

Technical Information

The Hardcore EURON120 is a high performance, premium quality battery specifically for European DIN N120 applications which require bottom hold down ledges or recessed terminals. The stamped grids deliver high starting power and excellent corrosion resistance.

The EURON120 is engineered & manufactured in Germany and includes accessible vent caps to comply with WorkSafe requirements for standby diesel generator applications.

Features & Benefits

- Full Frame stamped grids
- High corrosion resistance
- Engineered & manufactured in Germany
- High cranking power
- Meets WorkSafe guidelines for diesel generators

Applications

European Trucks & Buses

Commercial & Marine

Standby Diesel Generators
