125D31R

**Case size:** JIS D31, Grp 27, N70, NX120-7

The Delkor 125D31R is a maintenance free starting battery with standard SAE posts. The superior design includes the latest PowerFrame® plate technology for significant improvements in durability and performance.

The Delkor 125D31R is designed to provide years of reliable, maintenance free starting for a wide variety of applications including passenger cars, 4x4's, SUV's and light commercial vehicles.

### Features and Benefits

- Patented PowerFrame® plate construction
- Unique high density active material
- Maintenance Free design
- Built in hydrometer
- Patented liquid & gas separators
- Flame arrestors in vents
- Low resistance envelope separators
- High strength polypropylene case

### Product details

- |   |                                 |
|---|---------------------------------|
| ○ 12V Premium Silver Starting Battery                 | ○ Battery Capacity [Ah] - 95    |
| ○ Not suitable for ISS (Idle Stop Start) applications | ○ Reserve Capacity [min.] - 160 |
| ○ Assembly - LH Positive [+ -]                        | ○ Length [mm] - 305             |
| ○ Voltage [V] - 12                                    | ○ Width [mm] - 172              |
| ○ Battery Type - Calcium Battery (Ca/Ca)              | ○ Height [mm] - 222             |
| ○ Cold Cranking Amps [A] - 760                        | ○ Terminal Type - SAE           |
