SA58020

Case size: DIN LN4 AGM, DIN77H AGM, 580 901 080

The KOBA SA58020 is an Absorbent Glass Mat (AGM) battery capable of delivering the highest performance in demanding conditions. This battery has been designed to support the high power demands including prestige passenger vehicles and vehicles fitted with Idle Stop Start (ISS) technology. The AGM design is highly resistant to vibration and will deliver a significantly longer service life when compared to a conventional flooded battery.

- Designed for ISS technology & high performance applications
- Non spillable, valve regulated design
- Significantly longer cycle life compared to flooded Batteries
- Superior vibration resistance
- Low self-discharge

Product details

- 12V Absorbent Glass Mat Battery
- Suitable for ISS (Idle Stop Start) applications
- Assembly - RH Positive [- +]
- Voltage [V] - 12
- Battery Type - AGM Battery
- Cold Cranking Amps [A] - 800
- Battery Capacity [Ah] - 80
- Reserve Capacity [min.] - 160
- Length [mm] - 314
- Width [mm] - 174
- Height [mm] - 190
- Weight [kg] - 23.1
- Terminal Type - SAE
